GUIDANCE STRATEGIES

Each child is seen as a unique individual and the childcare workers are aware of the developmental stages of growth on behavior. The childcare staff believe in and utilize positive language and reinforcement and preventative guidance strategies as it relates to the child's social, physical, mental and emotional safety.

Procedure:

1. Redirection
2. Plan ahead to prevent any problem behavior
3. Encourage appropriate behavior
4. Provide clear, consistent guidelines regarding appropriate and expected behavior as consulted with parents, staff and children.
5. Discuss and review guidelines with children
6. Early Childhood Educator(s) will guide the children in problem solving situations
